SOPRA I DUE MASSIMI  
SISTEMI DEL MONDO:  
A BAYESIAN APPROACH

Edited by James R. A. Davenport

## **Introduction**

At the very first astronomy conference I attended, a scene unfolded before me that nearly caused me to quit my academic career before it had even truly begun.

introduce the players and set the scene

Prof. Alfonzo Priori

Prof. George Frequento

A neutral third party observer: ...

### **1. The First Day**

met at a talk promoting the poster

### **2. The Second Day**

poster is up, the primary confrontation

### **3. The Third Day**

the reckoning and a party

### **4. The Fourth Day**

Nobody showed up
